

## Food & Agriculture Organization (FAO)

FAO was founded in 1945, and was headquartered in Washington, DC until 1951, when it moved to Rome, Italy. Its predecessor was the International Institute of Agriculture (IIA), founded in 1905. FAO is governed by its Conference and its Council. The conference normally meets every two years, and the Council more often. Regional meetings, World Forestry Congresses, and other meetings are also listed.

### Founding of IIA

*Other Congresses and meetings were undoubtedly held, since IIA was in existence from 1905 to 1945, when its functions were taken over by FAO. The only other documented conferences were the 1st World Forestry Congress, held in Rome in 1926, and the 2nd World Forestry Congress, held in Budapest in 1936. These will be listed in that section.*

*Information on other meetings held, and of any postal history, is solicited.*
